"DEAR MRS. PINKHAM: - Inflammation and ulceration of the uterus laid me low and robbed life of its joys for me. For eight years I was in frequent pain and misery, and then Lydia E. Pinkham's Vegetable Compound came to me, the greatest boon I have known, for it brought new life and health to me. I used several bottles of Compound and your Sanative Wash. My improvement was slow, but from the first bottle I felt that I was better, and so I kept up courage and continued the treatment. None of my friends ever dreamed that I would be well again, but I have now enjoyed life to its fullest extent for three years." - Mrs. Mamie Herbert.
